

# Mini MBA Certificate Program Fall 2017

---

## **OVERALL EVALUATION**

### **Why did you enroll in the Mini MBA Certificate Program?**

- Our owners wanted us to hone existing management skills and gain new ones.
- Wanted to see what would be covered in a MBA program.
- To receive a broad overview of the basics of business management and when it would be used in the future.
- I was looking for more education/training sessions to further my abilities.
- Employer offered and looked interesting as I try to grow my education and skill set.
- To further my education and enhance my resume with useful and powerful knowledge.
- To update skills and knowledge.
- Gain skills for my current role.
- My employer offered this education opportunity and it was a great fit for me to further my education without having to make a tremendous time commitment.
- My goal was to obtain a better understanding of business management.
- To improve in my current role and make myself more qualified for future roles.

**Did the program meet your expectations? 100% yes 0% no**

#### **How?**

- Exceeded my expectations; Excellent instructors!
- Great general overview of what would be covered in an MBA program.
- It gave a great overview of several different elements and was a well-rounded course.
- Exceeded them! Much more comprehensive than I thought three hours a week could be.
- By presenting materials and information that was both new to me and applicable in real business activities.
- Generated many new ideas.
- Learned about other areas that I work with to better align both needs.
- Each class provided information I did not know and provided an environment of critical thinking.
- The information in each session was excellent; I was able to take away something each week that I can use at my current position.

**Will you recommend the Mini MBA Program to others? 100% yes 0% no**

#### **Why?**

- I think the program can help individuals grow.
- My organization has other individuals who have not had a good business background that this course would be of value to.
- It is a well-rounded course; I think it would be great for someone looking to further their education but not ready to take the next step or maybe do not quite know exactly what they want to do.
- Great value and can immediately be applied to your position/career.
- I learned a great deal of information, of course I will recommend it.
- Excellent intro for anyone going into business.

- Great info
- It is a very good short-term program.
- The course curriculum is relevant and provides tools that can be used today.
- Great resource to improve in your current role or for determining future emphasis of study.

#### **How would you rate the materials in your notebook?**

**85% Very helpful    15% Somewhat helpful    0% Of no value**

#### **Comments:**

- Were helpful with allowing the lecture give a place to take notes, will be good for future reference.
- It was nice not having to worry about writing everything down but got overwhelming at times.
- Good reference for future questions, good contact resource.
- Great reference guide
- Tons of good info
- Some of the slides would be helpful to have in color so the charts are easier to read.
- Appreciate all the notes provided for future reference/review.

#### **How have you benefited from the Mini MBA Program?**

- Helped most by thinking strategically about my current position and future career options.
- I know the course has provided tools to benefit me at work and in life.
- The mini MBA program provided great fundamental information on a variety of business topics.
- Able to work and coordinate with other departments in the organization.
- Fresh ideas and new perspective
- Many different ways to implement and facilitate change at work, accountability and management style; Corporate structure/workflow can also be made work efficient.
- There are things from every session that I will benefit from.
- I was able to see business practices from different perspective than I have been exposed to for the last 15 years.
- Received a general overview of what to expect in a MBA program.

#### **Do you have a comment about our program that you would like to share with us?**

- Each instructor had his or her own style and backgrounds, which kept each session fresh and new.
- **The course has more than exceeded my expectations; In an environment that has cut back on training this course has been unavailable; I personally paid for the class and believe it is well worth the price.**
- Great learning experiences!
- Really enjoyed the classes and learned a lot.
- It is a great program and very valuable to companies in Wichita.
- I like the instructor/class interaction.
